

For years we have been frustrated with the limitations that dental insurances have placed on our patients. We all know that the maximums allowed by dental insurances have not increased since they first rolled out dental plans over 30 years ago. Yet the premiums and cost of care have continued to rise. We wanted to come up with a plan that would allow our patients to have the healthy beautiful smiles that they deserve, free of limitations and with the savings of traditional dental insurance plans.

We have been able to save many of our patients dental dollars by applying their monthly insurance premiums to our savings plan.

We will be happy to sit with you and show you how **Millennium Family Dental Members Savings Plan** will allow your dental dollars to give you the healthy smile you have always wanted and deserve.
